The IACT Skill Inventory

IACT makes the data that you provide on this form to other club members in what's called the Skill Inventory. This allows you to offer your skills and expertise to club members as well as being able to find club members with particular skills that you need

To help members find your skills, please use a list of key words that will be used for categorizing the skills you offer. Then provide a detailed description in the block below.

Keywords describing your skills and resources

Example, prototype, plastic mold maker, engineering, electronic, design, anti-gravity etc.

Detailed description:

If you need more space use the backside of this form

Note: The Skill Inventory is only made available to club members. IACT also has a program for promoting your skills and services on the IACT website. See a club officer for details.

Mail this form and a check for \$45.00 (made out to IACT) to
IACT, c/o Robert Distinti, 46 Rutland Ave, Fairfield CT 06825.
